Drama 493: Drama Internship

DRAMA 493 provides students with the opportunity to earn academic credit for an internship experience. Students learn by connecting classroom theory and community-based experience through the completion of an academic project. This learning is fostered by forming a "learning triangle" between the student, academic sponsor, and internship supervisor.

To apply for credit for an internship, please fill out the [Internship Contract for Drama 493](https://drama.washington.edu/drama-493-drama-internship).
